Description

Introducing Pure Mansion, an exclusive architectural marvel nestled in Montenegro's picturesque Pržno. Here, eco-technology meets elegance, creating a living experience that is both innovative and refined. Drawing inspiration from the classic charm of Venetian palazzos and the sleek modernity of French architect Robert Mallet-Stevens, this villa is a testament to sophisticated design and sustainable living. With 375 square meters of sophisticated living space on a 607 square meter plot, Pure Mansion offers a thoughtfully designed layout across three levels. On the lower level, you'll find a two-car garage and a technical space, along with an ensuite bedroom. There is also an additional room that can be transformed into a gym, sauna, or hammam, catering to 8 to 10 people. A laundry room completes this level, ensuring convenience and functionality. The main level boasts an open living room with soaring 4-meter ceilings and a cozy fireplace. A unique feature is the 6-person jacuzzi with a mobile platform that transforms into a sofa, seamlessly covering the jacuzzi. Additionally, an indoor hot pool features a double bottom that can be elevated to the living room floor level, and is connected to the outdoor pool by an electric large window. The dining room and kitchen provide a perfect setting for culinary delights, accompanied by a well-appointed bathroom. Upstairs, the master bedroom offers a serene retreat with its own fireplace, a private sea view terrace, and a luxurious bathroom. Two additional ensuite bedrooms provide ample space for family or guests, each offering comfort and privacy. Key features of this villa include high ceilings, floor-to-ceiling windows, and breathtaking 270-degree panoramic views encompassing the sea, mountains, and landmarks such as Sveti Stefan peninsula, Sv. Nikola, Budva, Becici, Kamenovo beach, and Pržno.
