Description

High end quality, four star rated, hotel with 21 available rooms was constructed in 2019 in city of Kragujevac. With its specific industrial sensibility and design, it captivates from afar with its appearance. Inspired by city heritage, once the largest industrial center in Balkans. With the desire to preserve something valuable from the past in authentic way. Hotel Industrial is located in an important historical part of Kragujevac, within the complex of the former "Zastava", in one of converted administrative buildings, the authenticity of which has been preserved through creative renovation of the interior and exterior, with an emphasis on comfort and luxury. In the immediate vicinity of the hotel, there is the museum "Stara livnica", which is an integral part of the historical cultural property "Knežev Arsenal". Not far from the hotel is the former city center of the first capital of modern Serbia. Although it is located in the city center, the hotel offers its guests a peaceful and intimate atmosphere.
