

# Impressive Villa in the Heart of Belgrade

Krunska, Beograd 11000, Serbia

8 bedrooms

4 bathroom

815 m2

## Description

Newly available. A highly rare house for sale in Belgrade, situated in the most prestigious location in the heart of Vračar. With five exquisitely designed levels, this house offers space for comfortable living. The 815 square meters on which the house is spread seamlessly blend with the 2.5-acre garden surrounded by lush greenery, creating an oasis of tranquility in the heart of the city. The villa was designed by the renowned architect Jelisaveta Načić, also known for her design of the King Petar I Elementary School in Belgrade in 1906, as well as her involvement in the arrangement of Kalemegdan. This villa is part of the cultural heritage. The house's staircase and the salon-style dining room are adorned with beautiful Mljet limestone. The house is complemented by a large garage with a capacity for at least five cars, providing convenience and security. Every corner of this house reflects elegance and tradition, making it a unique opportunity for those who appreciate the blend of authenticity and comfort.
