## Description

Introducing a 950-square-meter villa set on a 4,200-square-meter estate. It features an indoor pool with a turbo-jet swimming option, an outdoor pool measuring 14 meters with cooling and heating capabilities, and a spa center that offers an exceptional sense of luxury and comfort. The villa is characterized by careful use of Visočica stone from Danilovgrad, highlighting its outstanding quality and aesthetics. You enter a spacious living room illuminated by natural light streaming through tall glass windows and ceilings up to 7 meters high, offering views of impeccably maintained lawns. The kitchen is equipped with top-of-the-line appliances and modern design, perfect for professional chefs and gastronomy enthusiasts. The villa boasts an impressive library made of American walnut with a capacity of 3,000 books, ideal for relaxing with favorite literature or for business meetings in an elegant setting. Spacious bedrooms with private terraces provide a haven of peace and privacy, while luxuriously appointed bathrooms with meticulous details enhance the feeling of complete relaxation. The outdoor area includes a spacious terrace and lawn, perfect for social gatherings or festive events. The spa center offers additional space for relaxation with a sauna and fitness center, while the entire architectural ambiance ensures an ideal sense of comfort, coziness, and sophistication. Located 10 minutes away from the center of Novi Sad, this villa provides a perfect combination of peace and urban life!
