

Sophisticated penthouse in Vracar

Nebojsina, Belgrade 11000, Serbia

3 bedrooms

4 bathroom

163 m2

Description

If you've ever wondered what a home synonymous with sophistication, quality, and luxury looks like, this is it. Every detail of this three-bedroom penthouse has been meticulously designed using top-quality materials. The interiors of the closets are lined with fine materials, and the switches and flooring, imported from abroad, are among the best available. The perfect layout separates the sleeping area from the living space. There are also beautiful semi-circular terraces with retractable awnings that can be controlled with a remote. The bathrooms are equipped with double sinks and a jacuzzi. The apartment is furnished with high-quality, solid furniture, some pieces of which are of significant value and will remain with the future owner. Heating and cooling are provided by a Mitsubishi heat pump, one of the best in the world, while the fan coil units ensure optimal comfort. The hallway features marble flooring, and the apartment includes a porter and Bosal security doors. Medium-density fiberboard doors and panels, large-format parquet, luxurious Vimar modular switches, Hansgrohe fixtures, and aluminum joinery all contribute to the luxurious ambiance. The apartment is equipped with video surveillance and Geberit sanitary fixtures. Plenty of natural light and a separate sleeping area make this apartment exceptional. *Garage spaces are paid for additionally.
